**Subject:** Coyote Station Common Control

All, a clean version of the Coyote Station/CCMC letter is now ready for review by management. anyone with the link can edit the document, so feel free to share, as necessary.

Could everyone provide feedback on this draft by **COB Tuesday 11/6**? NDDH asked for EPA input by 11/17, and we need to share a copy of the letter with OAR management next week, regardless of who ends up signing the letter.

Thanks to everyone for all of their work so far!
